Counseling Techniques & Effective Strategies for the Dually Diagnosed & Other Diverse Populations

Bay Area Regional Training

October 15, 2004 9:00 a.m. – 4:00 p.m.

California Public Utilities Commission
505 Van Ness Avenue - Auditorium
San Francisco, CA 94102

Don't miss nationally recognized trainer and consultant, Roland Williams' insightful presentation on the latest alcohol and drug counseling techniques and strategies for treating dually diagnosed clients, increasing cultural awareness and effectiveness in AOD programming, and improving client retention and treatment outcomes. The workshop is designed to provide practical clinical techniques and knowledge for counselors, therapists, social workers and other clinicians, working with substance abusing clients and their families. Participants will gain concrete and specific clinical interventions that can be immediately utilized in their practice.

Workshop Topics Include:

- ◆ ***Dually Diagnosed Clients*** – Signs/Symptoms of Dual Diagnosis
Developing Comprehensive Treatment Plans
Mental Health/Substance Abuse - Integrating Strategies
- ◆ ***Cultural Competency*** – WHY is it important? HOW do we incorporate it?
Special Considerations & Specific Warning Signs
Cultural Sensitivity in Treatment Planning = Improved Outcomes

This **COST-FREE** training qualifies for Continuing Education Credits.
